# Welcome Message

**Dear colleagues and friends,  
Members of the Pan Arab Vascular Surgical Society and the Jordan Vascular Society,  
Distinguished Participants,**

It is with great pleasure and sincere honor that we welcome you to **the 4<sup>th</sup> Pan Arab Vascular Surgical Society (PAVSS) Annual Meeting**, held in conjunction with **the 6<sup>th</sup> Jordan Vascular Society (JVS) Meeting**, from **December 3–5, 2025**, held in the heart of our beloved capital, Amman.

This congress reflects our collective commitment to advancing excellence in the diagnosis, management, and prevention of vascular diseases—conditions that often progress silently until significant complications arise. Through early detection, timely intervention, and evidence-based practice, we can substantially reduce their impact on our patients and communities. Over the coming days, we will address the latest scientific developments, innovative technologies, and evolving best practices shaping vascular care across the region and beyond.

The scientific program features an exceptional roster of international, regional, and national experts who will deliver comprehensive updates across a broad spectrum of vascular topics. Interactive panel discussions, expert debates, Q&A sessions, and practical workshops have been designed to ensure a dynamic and enriching educational experience for all participants.

We are confident that this meeting will provide a distinguished platform for meaningful scientific exchange, professional collaboration, and advancement of our shared mission to elevate vascular health standards throughout the Arab world.

We extend our deepest appreciation to our partners, sponsors, pharmaceutical companies, and drug stores for their generous support and continued commitment to the success of this congress.

Wishing you a productive, rewarding, and memorable meeting.

**With warm regards,**

**Dr. Jamal Hoballah**  
PAVSS President  
Congress Co-President

**Dr. Maamoun AlBasheer**  
President of Jordan Vascular Society (JVS)  
Congress Co-President

# An Invitation to Change a Life

Join our workshop and help us redefine the standard of wound care—together

## Dear Healthcare Professional

Are you on the frontline of managing complex, non-healing wounds such as Diabetic Foot Ulcers (DFUs), pressure injuries, and venous leg ulcers? Are you seeking new, powerful tools to prevent amputations and improve patient outcomes?

We are pleased to invite you to a dedicated workshop exploring one of the most significant innovations in modern wound care: Superoxidal Ag<sub>4</sub>O<sub>4</sub>.

This is not just another dressing. Ag<sub>4</sub>O<sub>4</sub> represents a fundamental leap forward. Its unique multi-modal mechanism of action directly targets the complex biofilm environment, disrupts bacterial defenses, and orchestrates the natural healing process in a way never seen before.

## Join Us for This Exclusive Session to:

### • Decode the Science

Understand the unique superoxidal chemistry of Ag<sub>4</sub>O<sub>4</sub> and its proven efficacy against multidrug-resistant organisms.

### • Explore the Evidence

Review clinical data and case studies demonstrating accelerated healing and remarkable limb salvage outcomes.

### • Translate Knowledge to Practice

Learn how to integrate this advanced technology into your treatment protocols for the most challenging wound cases.

## This is more than a workshop

It's a step towards a new standard of care. Together, we can turn the tide against chronic wounds and make "Saving Limbs, Saving Lives" a tangible reality for more patients.

## Workshop Details

**Location:** St. Regis Hotel  
Vanderbilt Meeting Room - LG Floor  
**Date:** Thursday, December 4, 2025  
**Time:** 10:30 - 11:30 AM

**Hosted by:**  

Speaker

**Dr. Mustafa Abdelbari**  
Vascular Surgeon

Consultant in Diabetic Foot Management and Chronic Wound Care  
Clinical Care Consultant and Pressure Ulcer Management Specialist

Meet us at the exhibition area

# The SurgiField™

*Safe Surgery, Any Time, Any Place.*

Join the workshop and experience the technology reshaping the future of surgery.

## Dear Colleagues,

We are pleased to invite you to an exclusive hands-on workshop featuring SurgiField™, the groundbreaking innovation redefining clean and safe surgery in any setting — from remote locations to disaster zones and resource-limited hospitals.

This immersive workshop will allow you to experience how a <5 kg system can create a HEPA-filtered surgical environment in under 120 seconds, empowering surgical teams to deliver safe procedures wherever care is needed.

## During the workshop, you will know:

- How SurgiField™ establishes a safe surgical field with active HEPA-filtered airflow.
- Clinical applications including minor procedures, limb surgeries, OB/GYN, trauma care, medical evacuation, and procedures in the ICU.
- Dual-protection to keep both patient and provider safe.
- Portability, rapid deployment, and streamlined workflow integration.

## Because the future demands solutions that go beyond the limits of space and resources,

SurgiField™ gives you the power to expand surgical capabilities and capacity ; reduce risks, and accelerate medical response in the most challenging conditions. There is no need to wait for the operating room to perform surgery.

## Live Demo Workshop led by

### Dr. Mamoun A. Al Basheer

- President of Jordan Vascular Society (JVS)
- MBBS(Lond) FRCSI FRCSd JBS JBVS FICA ASTS
- Vascular and Transplant Surgeon
- Congress President

Meet Us At The Exhibition Area

## Workshop Details:

**Location:** St. Regis Hotel – Vanderbilt Meeting Room (LG Floor)  
**Date:** Thursday, December 4, 2025  
**Time:** 12:00 – 1:00 PM  
**Hosted by:** Sahaar Pharma & SurgiBox

## Session-1

10:30-12:30

**Aorto-Vascular (Part 1)**

Co-Charis	<b>Dr. Yazan Duwayri</b>   USA - <b>Dr. Ziad Quran</b>   Jordan <b>Dr. Mamoun AlBasheer</b>   Jordan
Discussants	<b>Dr. Bashar Ghosheh</b>   Jordan - <b>Dr. Rana Afifi</b>   USA
10:30-10:35	<b>Debate (1): Management of Thoraco-abdominal aortic aneurysms</b> Open Repair should be the first line treatment <b>Dr. Rana Afifi</b>   USA
10:35-10:40	Endovascular Repair Should be the first line treatment <b>Dr. Said Abisi</b>   UK
<b>10:40-10:50</b>	<b>Discussion and Voting</b>
10:50-10:55	Physician-Modified Endo-Grafts: How I do it <b>Dr. Carlos Bechara</b>   USA
10:55-11:00	Blunt Thoracic Aortic Trauma: When to intervene <b>Dr. Yazan Duwayri</b>   USA
11:00-11:05	Artificial Intelligence in aortic aneurysm management: What you should implement now <b>Dr. Haytham Hamid</b>   UK
<b>11:05-11:15</b>	<b>Discussion</b>
11:15-11:20	Salvage of Failed TEVAR <b>Dr. Houssam Khaled Younes</b>   UAE
11:20-11:25	Optimizing proximal seal zone in endovascular repair of thoracoabdominal aneurysms <b>Dr. Orwa Falah</b>   Scotland
11:25-11:30	Tips and tricks of fully percutaneous aortic arch stenting with in situ fenestration <b>Dr. Khalid Amber</b>   Iraq
<b>11:30-11:40</b>	<b>Discussion</b>

## Session-1

	<b>Debate (2): Uncomplicated Type B Aortic Dissection should be managed Medically</b> For the Motion <b>Dr. Wissam Al-Jundi</b>   United Kingdom
11:40-11:45	Against the Motion <b>Dr. Carlos Bechara</b>   USA
11:45-11:50	<b>Discussion and Voting</b>
<b>11:50-12:00</b>	
12:00-12:05	Total Endovascular Repair of Ascending Aortic Pathology: The ENDOASC Multicenter Global Study <b>Dr. Maisam Shehab</b>   Sweden
12:05-12:20	Innovative Endografts for the aortic arch pathology <b>Dr. Shu Chang</b>   China
12:20-12:25	Endovascular solutions for aortic arch treatment: My tips and tricks <b>Dr. Said Abisi</b>   UK
12:25-12:30	Main elements of spinal cord protection in complex aortic interventions <b>Dr. Yazan Duwayri</b>   USA
<b>12:30-12:40</b>	<b>Discussion</b>
12:40-13:00	<b>Keynote Lecture:</b> From Foundations to Frontiers: Shaping the future of vascular surgery in MENA region <b>Dr. Jamal Hoballah</b>   USA

**13:00-14:00 LUNCH BREAK**

Symposia 1	<b>Experience with Ankura</b> <b>Dr. Sizeph Haddad</b>   Jordan
Symposia 2	<b>Overcoming complexity with the Lifetech Akura EVAR system</b> <b>Dr. Amir Malkawi</b>   Jordan

**4<sup>th</sup> Pan Arab Vascular Surgical Society  
(PAVSS) ANNUAL MEETING**  
**6<sup>th</sup> Jordan Vascular Society  
(JVS) Meeting**

**4<sup>th</sup> Pan Arab Vascular Surgical Society  
(PAVSS) ANNUAL MEETING**

(JVS) Meeting**

## Session-2

14.00-16.00

**Carotid and Cerebro-Vascular**

Co-Chairs	<b>Dr. Jamal Hoballah</b>   Lebanon - <b>Dr. Ali AbuRahma</b>   USA <b>Dr. Amir Malkawi</b>   Jordan
Discussants	<b>Dr. Khaled Al-Omar</b>   KSA - <b>Dr. Firas Abdallah</b>   Jordan <b>Dr. Faisal Alam</b>   Oman
14:00-14:05	Carotid Endarterectomy is the modality of choice in Standard-Risk Patients with severe carotid stenosis <b>Dr. Ali AbuRahma</b>   USA
14:05-14:10	Ethical Shift in Modern Medicine <b>Dr. Martin Maresch</b>   Bahrain
14:10-14:15	CREST-2: Did It Give Us All the Answers We Need? And How Will It Change My Practice <b>Dr. Ali AbuRahma</b>   USA <b>"Virtual"</b>
14:15-14:20	Management of Carotid Web and Fibromuscular Dysplasia <b>Dr. Ashraf Mansour</b>   USA
14:20-14:25	The Role and Timing of carotid interventions for acute stroke <b>Dr. Shadyi Abu-Halima</b>   USA
14:25-14:30	Modern perspective in symptomatic carotid stenosis revascularizations <b>Dr. Maurizio Taurino</b>   Italy
14:30-14:35	The Impact of Frailty and Comorbidities on Outcomes After Carotid Revascularization <b>Dr. Omamah Almousa</b>   KSA
<b>14:35-14:55</b>	<b>Discussion</b>

## Session-2

14:55-15:00	Debate: Carotid endarterectomy is recommended for a select group of asymptomatic carotid stenosis needing CABG <b>Dr. Ali AbuRahma</b>   USA
15:00-15:05	Best medical therapy is recommended for asymptomatic carotid stenosis needing CABG <b>Dr. Imed Frikha</b>   Tunisia
<b>15:05-15:10</b>	<b>Discussion and voting</b>
15:10-15:15	Routine shunting during carotid endarterectomy under general anaesthetic: A Systematic review and metanalysis <b>Dr. Julien Sfeir</b>   Lebanon
15:15-15:20	The Effect of Calcium Burden (Circumference, Thickness, Length) on the Early and Late Outcome of TCAR <b>Dr. Ali AbuRahma</b>   USA
15:20-15:25	"Endo TCAR": utilizing Balloon Guide catheters in CAS <b>Dr. Fareed Al-Adham</b>   Jordan
15:25-15:30	Updates on the management of carotid body tumours <b>Dr. Waleed Masoud</b>   Jordan
15:30-15:35	Redo Carotid Surgery: What Do We Really Know About Outcomes After Reintervention? <b>Dr. Clark Zeebregts</b>   USA
<b>15:35-15:50</b>	<b>Discussion</b>

**16:00-16:30 COFFEE BREAK**

**4<sup>th</sup> Pan Arab Vascular Surgical Society  
(PAVSS) ANNUAL MEETING  
6<sup>th</sup> Jordan Vascular Society  
(JVS) Meeting**

## Session-3

16:30-18:30

**Limb salvage and wound care (Part 1)**

**Co- Chairs** **Dr. Hany Zayed** | UK - **Dr. Nabil Alzoubi** | Jordan  
**Dr Osama Herzallah** | Jordan

**Discussants** **Dr. Ahmed Taha** | Egypt - **Dr. Mohamed Rashaydah** | Jordan  
**Dr. Najuib Bouayad** | Algeria

**Debate (1): Intra-Vascular imaging (IVUS/OCT) should be routinely used during peripheral endovascular interventions**

16:30-16:35 For the motion  
**Dr. Haitham Hamid** | UK

16:35-16:40 Against the motion  
**Mr. Hossam Nasr** | KSA

**16:40-16:45 Discussion and voting**

16:45-16:50 Complex Interventional Revascularisation  
**Dr. Tareq Massimi** | Jordan

16:50-16:55 Pedal acceleration time: Is this the best way to assess the need for further revascularisation?  
**Dr. Tania Guzman** | UAE

16:55-17:00 Endovascular approach to acute ischaemia: Device selection and suitability  
**Dr. Loay Kabany** | USA

17:05-17:10 Is there a role for distal limb bypass treatment of critical limb ischemia in today's angioplasty era.  
**Dr. Osama Herzallah** | Jordan

**17:10-17:30 Discussion**

## Session-3

**Debate (2): Endovascular approach should be the first-line treatment in the management of popliteal artery aneurysms**

17:30-17:35 For the motion  
**Mr. Hosaam Nasr** | KSA

17:35-17:40 Against the motion  
**Dr. Sabr Rawashdeh** | Jordan

**17:40-17:45 Discussion and voting**

17:45-17:50 Characteristics and mortality in patients undergoing non-traumatic lower limb amputation: A nation-wide study  
**Dr. Dhafer Kamal** | Bahrain

17:50-17:55 Key considerations for a safe onco-vascular surgery  
**Dr. Mamoun Al-Bashir** | Jordan

17:55-18:00 Current trends and outcomes of pedal vein bypasses  
**Dr. Jamal Hoballah** | Lebanon

**18:00-18:10 Discussion**

**4<sup>th</sup> Pan Arab Vascular Surgical Society  
(PAVSS) ANNUAL MEETING  
6<sup>th</sup> Jordan Vascular Society  
(JVS) Meeting**

**4<sup>th</sup> Pan Arab Vascular Surgical Society

(JVS) Meeting**

**Thursday  
4<sup>th</sup> December  
2025**

**Thursday  
4<sup>th</sup> December  
2025**

## Session-4

08:00-10:00

## "How I do it" session

**07:30 REGISTRATION**

**Co-Chairs** **Dr. Jamal Hoballa** | Lebanon - **Dr. Carlos Bechara** | USA

**Moderators** **Dr. Eanas Yassa** | USA - **Dr. Saber Rawashdeh** | Jordan  
**Dr. Heitham Albeshri** | KSA - **Dr. Iyad Al Ajarmeh** | Jordan

08:00-08:05 Angiosome Oriented Revascularisation of the Foot  
**Dr. Muath Aldergham** | Jordan

08:05-08:10 Transverse groin incisions in lower limb revascularisation: why it should be the standard rather than the outlier  
**Dr. Alok Tiwari** | UK

08:10-08:15 Gaza war injuries my experience  
**Dr. Waleed Masoud** | Jordan

08:15-08:20 Open portal vein endovascular intervention  
**Dr. Munier Nazzal** | USA

**08:20-08:35 Discussion**

08:35-08:40 Use of EndoAnchors in short neck aortic aneurysm  
**Dr. Bashar Ghosheh** | Jordan

08:40-08:45 Selection of optimal treatment of coral-reef Aorta: When open and when endo  
**Dr. Giovanni Torsello** | Germany

08:45-08:50 Endovascular treatment of Aorto-iliac occlusive disease: Tips and tricks for success  
**Mr Hashem Barakat** | Jordan

08:50-08:55 Redo aorto-iliac open surgery: important considerations  
**Dr. Tarek AbdelAzim** | Egypt

08:55-09:00 Off-the-Shelf percutaneous deep venous arterialisation  
**Dr. August Ysa** | Spain

**09:00-09:15 Discussion**

## Session-4

09:05-09:10 Eversion or modified eversion CEA: advantages and technical steps  
**Dr. Ashraf Mansour** | USA

09:10-09:15 Endovascular management of Aberant subclavian artery aneurysm  
**Dr. Munier Nazzal** | USA

09:15-09:20 Subclavian artery transposition: How I do it  
**Dr. Sherene Shalhoub** | USA **"Virtual"**

09:20-09:25 Acute Type B aortic dissection: When you are forced to intervene despite not wanting to  
**Dr Tania Guzman** | UAE

09:25-09:30 Aorta Unleashed: 3D-Driven Hybrid Mastery  
**Dr. Hazem El Beyrouti** | Germany

**09:30-09:50 Discussion**

**10:00-10:30 COFFEE BREAK**

## Session-5

10:30-12:30

**Venous and Vascular Access**

Co-chairs	<b>Dr. Mosaad Soliman</b>   Egypt - <b>Dr. Nicholas Mouawad</b>   USA
Discussants	<b>Dr. Omar Hamdallah</b>   Jordan - <b>Dr. Hassan Al-Zahrani</b>   KSA <b>Dr. Sizeph Haddad</b>   Jordan
	<b>Debate</b>
10:30-10:35	Varicose veins and saphenous reflux: Staged approach is the treatment <b>Dr. Amir Malkawi</b>   Jordan
10:35-10:40	Varicose veins and saphenous reflux: Simultaneous approach is the treatment <b>Dr. Mohamed Emad Eldin</b>   Egypt
<b>10:40-10:45</b>	<b>Discussion and voting</b>
10:45-10:50	Thermal or chemical ablation in SSV insufficiency <b>Dr. Jihane Ben Cheikh</b>   Tunisia
10:50-10:55	The role of duplex ultrasound in the diagnosis and planning of acute limb ischaemia <b>Dr. Wasila Taha</b>   Egypt
10:55-11:00	Pelvic venous disease: Anatomical factors of clinical importance <b>Dr. Hosam Tawfek</b>   Egypt
11:00-11:05	Cyanoacrylate in CEAP 6 venous ulcers: Real-world experience <b>Dr. Majdi El Hussein</b>   Kuwait
<b>11:05-11:20</b>	<b>Discussion</b>

## Session-5

11:20-11:25	Should I stent or do surgery for Nutcracker syndrome: My algorithm <b>Dr. Mosaad Soliman</b>   Egypt
11:25-11:30	Endovascular management of failing AV fistula for Haemodialysis: Important considerations in 5 min <b>Dr. Ashraf Mohamed Hidayet</b>   Egypt
11:30-11:35	A Decade of Experience: Snuff Box vs. Wrist Arteriovenous Fistula – A Single-Center Cohort. <b>Dr. Mohamed Awoda</b>   United Kingdom
11:35-11:40	Advanced Vascular Accesses for Hemodialysis; How to choose? <b>Dr. Faisal Alam</b>   Oman
<b>11:40-11:55</b>	<b>Discussion</b>
11:55-12:00	Ilio-Caval Obstruction: Open surgery is a better and more durable option <b>Dr. Hesham Sharaf Eldin</b>   Egypt
12:00-12:05	Ilio-Caval Obstruction: Endovascular approach is a better and more durable option <b>Dr. Abdalla Ibrahim Omira</b>   Egypt
<b>12:05-12:10</b>	<b>Discussion and voting</b>
12:10-12:15	How do I do Ilio-caval venous thrombectomy: Tips and tricks <b>Dr. Nicolas Mouawad</b>   USA
12:15-12:20	Tips and tricks on how to cross an occluded venous segment in venous and dialysis patients <b>Dr. Amr Abdel Rahim Abouzaid</b>   Egypt
12:20-12:25	The Impact of COVID on the Vascular Service. Three year follow up from a Single UK Centre. <b>Dr. Taher Faydi</b>   UK
<b>12:25-12:30</b>	<b>Discussion</b>

**12:30-13:30 LUNCH BREAK**

4<sup>th</sup> Pan Arab Vascular Surgical Society  
(PAVSS) ANNUAL MEETING

## Session-6

13:30-15:30

## Vascular Disorders in Women and Young People

## Co-Chairs

**Dr. Munier Nazzal** | USA - **Dr. Eanas Yassa** | USA  
**Dr. Rana Affi** | USA - **Dr. Mohamed Rafat Jaber** | USA

## Discussants

**Dr. Jihan Ben Cheikh** | Tunisia - **Dr. Mohamad Rawashdeh** | Jordan  
**Dr. Omama Moussa** | KSA

- 13:30-13:35 Mid-aortic syndrome: Open vs endo management option  
**Mr. Maher Hamish** | UK
- 13:35-13:40 Aortic Coarctation: Single Center Experience and Updates  
**Dr. Fady Haddad** | Lebanon
- 13:40-13:45 Vascular complications of Loeys-Dietz: Management highlights  
(Recorded talk)  
**Dr. Sherene Shalhoub** | USA
- 13:45-13:50 Towards a Safe, Clean and Effective Management of DF.Ulcers  
**Dr. Mustafa Abdelbari** | Egypt
- 13:50-13:55 Vascular intervention in Behcet disease  
**Dr. Mohammad Rawashdeh** | Jordan
- 13:55-14:15 Discussion**
- 14:15-14:20 Sex differences in managing cardiovascular risk factors  
**Dr. Rana Affi** | USA
- 14:20-14:25 Mind the Gap: Sex Disparities in PAD Research  
**Dr. Maysam Shehab** | Sweden
- 14:25-14:30 Ilio-femoral DVT during pregnancy: My management algorithm  
**Dr. Nicholas Moawad** | USA
- 14:30-14:40 Discussion**

## Session-6

- 14:40-14:45 Aortic dissection during pregnancy: My management algorithm  
**Dr. Rana Affi** | USA
- 14:45-14:50 Special Considerations for AAA Repair in Women  
**Dr. Eanas Yassa** | USA
- 14:50-14:55 Cryopreserved conduits for patients with critical limb ischaemia  
**Dr. Majd Rawashdeh** | UK
- 14:55-15:00 Complex pediatric AVM: What you need to know in 5 minutes  
**Dr. Mohammad Badran** | Jordan
- 15:00-15:05 CERAB vs.BMS for aortoiliac occlusive disease  
**Dr. Hazem Habboub** | Jordan
- 15:05-15:20 Discussion**
- 15:20-15:45 Optimizing Anticoagulation with Apixaban  
**Dr. Mamoun Al Basheer** | Jordan

**15:45-16:00 COFFEE BREAK**

4<sup>th</sup> Pan Arab Vascular Surgical Society  
(PAVSS) ANNUAL MEETING

## Session-7

16.00-18.15

## Limb Salvage and Wound Care: (Part 2)

Co-Chairs	<b>Dr. Munier Nazzal</b>   USA - <b>Dr Waleed Masoud</b>   Jordan <b>Dr. Ayman Bitar</b>   Jordan
Discussants	<b>Dr. Sabr Rawashdeh</b>   Jordan - <b>Dr. Tania Guzman</b> - UAE <b>Dr. Marzouk Al-Badr</b>   Kuwait
	<b>Debate (1): We do NOT need more trials after BASIL-2/3 and BEST-CLI</b>
16:00-16:05	For the motion <b>Dr. Ahmed Ameer</b>   Kuwait
16:05-16:10	Against the motion <b>Dr Ahmad Sayed</b>   Egypt
<b>16:10-16:25</b>	<b>Discussion and voting</b>
16:25-16:30	Endovascular treatment of the common femoral artery: All what you need to know <b>Dr. Bahaa Nasr</b>   France
16:30-16:35	Vessel Preparation: Which device and when? My algorithm <b>Dr. Ayman Eltayeb Ahmed</b>   USA
16:35-16:40	Essential non-technical considerations to ensure successful revascularisation outcomes <b>Dr. Ahmed Taha</b>   Egypt
<b>16:40-16:55</b>	<b>Discussion</b>
16:55-17:00	Below the ankle endovascular revascularisation: Tips and tricks <b>Dr. August Ysa</b>   Spain
17:00-17:05	Percutaneous deep venous arterialisation: Patient selection and clinical outcomes <b>Dr. Hany Zayed</b>   UK
17:05-17:10	The role of Drug-eluting technology in the Arab world <b>Dr. Hazem Habboub</b>   Jordan
<b>17:10-17:25</b>	<b>Discussion</b>

## Session-7

	<b>Debate (2): Drug-eluting technology has no role in the Arab world</b>
17.25-17.30	The adoption and validation of Pedal Acceleration Time (PAT) in the management of patients with symptomatic PAD <b>Dr. Manar Khashram</b>   New Zealand
17.30-17.35	The two most important papers which changed my practice in PAD <b>Dr. Hashem Barakat</b>   Jordan
17.35-17.40	The fate of failed angioplasty: Always doom and gloom ? <b>Dr. Mohammed Elkassaby</b>   Ireland
17.40-17.45	Redo bypass surgery: How to achieve the best outcome possible <b>Dr. Ahmed Taha</b>   Egypt
17.45-17.55	Management of thrombosed or failed hemodialysis access <b>Dr. Firas Abdallah</b>   Jordan
<b>17:55-18:15</b>	<b>Discussion</b>

## DINNER AND PRIZE PRESENTATIONS

**4<sup>th</sup> Pan Arab Vascular Surgical Society  
(PAVSS) ANNUAL MEETING  
6<sup>th</sup> Jordan Vascular Society  
(JVS) Meeting**

**4<sup>th</sup> Pan Arab Vascular Surgical Society  
(PAVSS) ANNUAL MEETING  
6<sup>th</sup> Jordan Vascular Society  
(JVS) Meeting**

**Friday  
5<sup>th</sup> December  
2025**

**Friday  
5<sup>th</sup> December  
2025**

## Session-8

08:00-10:00

## "My nightmare case" session

**Co-Chairs** **Dr. Samer Koussayer** | UAE - **Dr. Khalid Omar** | KSA

**Discussants** **Dr. Hassan Al-Thani** | Qatar - **Dr. Osama Herzallah** | Jordan  
**Dr. Kristi Janho** | Jordan

- 08:00-08:05 Case (1) Resolution of Resistant Hypertension Following Renal Vein Bypass for Nutcracker  
**Dr. Mutaz Al Seadat** | Jordan
- 08:05-08:10 Case (2) When re-interventions after simple EVAR are never-ending  
**Dr. Wissam Al-Jundi** | UK
- 08:10-08:15 Case (3) Unforseen Monster: A rare complication after EVAR  
**Dr. Samer Koussayer** | UAE
- 08:15-08:20 Case (4) Incidental coverage of the renal artery (not the internal iliac artery) during iliac branch endograft  
**Dr. Mohamed Rafat Jaber** | USA
- 08:20-08:25 Case (5) Disseminated Hydatidosis in a Child: Successful Excision of Hydatid Cyst with Infrarenal Aortic Involvement Combined with Cerebral and Pericardial Lesions  
**Dr. Husam Abudayyeh** | Jordan
- 08:25-08:40 Discussion**
- 08:40-08:45 Case (6) Nightmares during extreme infra-inguinal interventions  
**Dr. Ahmed Sayed** | Egypt
- 08:45-08:50 Case (7) Sudden onset paraplegia: Beware of acute aortic occlusions  
**Dr. Jamal Hoballah** | Lebanon  
**Dr. Sami El Nabhani** | Lebanon
- 08:50-08:55 Case (8) Crural bypasses in young patients: always a nightmare  
**Dr. Morad Sallam** | UK
- 08:55-09:00 Case (9) Giant high-flow AVM: Can things get any worse?  
**Dr. Hesham Sharaf Eldin** | Egypt

## Session-8

09:00-09:05 Case (10) Open Repair of a Complex Superior Mesenteric Artery Aneurysm Using Y-shaped Autologous Vein Bypass

**Dr. Shadi Awad** | Jordan

**09:05-09:20 Discussion**

09:20-09:25 Case (11) A nightmare called type 2 Thoraco-abdominal aortic aneurysm

**Dr. Bahaa Nasr** | France

09:25-09:30 Case (12) Rupture of the false lumen of type B aortic dissection

**Dr. Hany Zayed** | UK

09:30-09:35 Case (13) Endovascular Repair of Right Common Iliac Artery Aneurysm Using an Iliac Branched Device: A Case Report

**Dr. Fadi Obeid** | Jordan

09:35-09:40 Case (14) My nightmare case: The worst of many

**Dr. Mohammed Elkassaby** | Ireland

09:40-09:45 Case (15) Persistent sac expansion post EVAR

**Dr. Sherene Shalhoub** | USA "Virtual"

**09:45-10:00 Discussion**

**10:00-10:30 COFFEE BREAK**

**4<sup>th</sup> Pan Arab Vascular Surgical Society  
(PAVSS) ANNUAL MEETING  
6<sup>th</sup> Jordan Vascular Society  
(JVS) Meeting**

**4<sup>th</sup> Pan Arab Vascular Surgical Society  
(PAVSS) ANNUAL MEETING

(JVS) Meeting**

**Friday  
5<sup>th</sup> December  
2025**

**Friday  
5<sup>th</sup> December  
2025**

## Session-9

10:30-12:30

**Abstract Presentations**

<b>Co-Charis</b>	<b>Dr. Hasan Al-Thani   Qatar - Dr. Loay Kabbani   USA Dr- Ayman Eltayeb Ahmed   USA</b>
<b>Discussants</b>	<b>Discussants: Dr. Fady Haddad   Lebanon</b>
10:30-10:35	Abstract (1): Closed Randomized Comparative Study of Great Saphenous Vein Crossectomy Laser Ablation Versus Standard Laser Technique to Minimize Recurrence in Treatment of Primary Varicose Veins <b>Sohiel Ayman Fakhry   Egypt</b>
10:35-10:40	Abstract (2): ALTO Stent Graft Performance in Hostile Neck AAA: A Vascular Surgery Mid-Term Review <b>Yasser Elsayed   UK</b>
10:40-10:45	Abstract (3): Nutcracker Syndrome (NCS) is a rare vascular disorder caused by compression of the left renal vein between the aorta and superior mesenteric artery, leading to renal venous hypertension <b>Mohammed Nadjib Bouayed   Algeria</b>
10:45-10:50	Abstract (4): Exploring the Use of AI-Assisted CTA Analysis in Peripheral Artery Disease: A Pilot Feasibility Insight <b>Mohamed Atef Almoslemany   Egypt</b>
<b>10:50-11:00</b>	<b>Discussion</b>
11:00-11:05	Abstract (5): Long-term Outcomes of Stent Relining for the Management of High-Pressure Endoleaks with Progressive Sac Expansion After EVAR <b>Mr. Mohamed Banihani   UK</b>
11:05-11:10	Abstract (6): Single-Centre Experience of Endovascular Management of Atherosclerotic Common Femoral Artery Disease. <b>Mahmoud Tolba   UK</b>
11:10-11:15	Abstract (7): Endovascular Aneurysm Repair for Hostile AAA Anatomy in Octogenarians. <b>Ashraf Elsharkawy   Egypt</b>
11:15-11:20	Abstract (8): Posterior Cerebral Circulation Insufficiency Due to Internal Carotid Artery Stenosis With an Atypical Vertebral Artery Originating From the Internal Carotid Artery Territory <b>Leen Foudeh   Jordan</b>
<b>11:20-11:30</b>	<b>Discussion</b>

## Session-9

11:30-11:35	Abstract (9): Aortic Thrombosis Presenting with Embolic Ischemia: A Case Review and Management Approach <b>Abeer Alshiek Edrees   UAE</b>
11:35-11:40	Abstract (10): Livedo Reticularis-Associated Ulcers: A Diagnostic Mimic of Venous Insufficiency <b>Mohamedelfatih Musaab Ibrahim Mohamed   UAE</b>
11:40-11:45	Abstract (11): Short- and Mid-Term Outcomes of Extra Design Inner Branch Endovascular Aneurysm Repair for Elective and Urgent Thoracoabdominal Aortic Aneurysms: A Systematic Review <b>Awni Bata   Jordan</b>
11:45-11:50	Abstract (12): Prescription Patterns for Antithrombotic Therapy Following Peripheral Vascular Interventions. <b>Mouhammad Halabi   USA</b>
<b>11:50-12:00</b>	<b>Discussion</b>
12:00-12:05	Abstract (13): Angioplasty combined with IVUS vs angioplasty alone in the treatment of PVD: A systematic review and meta-analysis of 246,418 patients. <b>Mohamed Hosny Sayed   UK</b>
12:05-12:10	Abstract (14): Evaluation of Sex-specific Representation and Sex-disaggregated Reporting in European Society for Vascular Surgery Clinical Practice Guidelines on the Management of Peripheral Arterial Disease and Chronic Limb Threatening Ischaemia. <b>Noor Hamo   UK</b>
12:10-12:15	Abstract (15): Long-term outcomes of percutaneous deep venous arterialization using the Limflow system <b>Ahmed Mosaad Mahmoud Morshed   UK</b>
12:15-12:20	Abstract (16): Establishment and Early Achievements of a Vascular Surgery Unit: A Two-Year Experience <b>Ali Yasin Thneibat   Jordan</b>
<b>12:20-12:30</b>	<b>Discussion</b>

**12:30-13:30 FRIDAY PRAYER AND LUNCH**

**4<sup>th</sup> Pan Arab Vascular Surgical Society  
(PAVSS) ANNUAL MEETING**  
**6<sup>th</sup> Jordan Vascular Society  
(JVS) Meeting**

**4<sup>th</sup> Pan Arab Vascular Surgical Society  
(PAVSS) ANNUAL MEETING**  
**6<sup>th</sup> Jordan Vascular Society  
(JVS) Meeting**

## Session-10

13:30-15:30

**Aorto-visceral (Part 2)**

Co-Chairs	<b>Dr. Samer Koussayer</b>   UAE - <b>Dr. Izzeddin Qtaish</b>   Jordan <b>Dr. Muhannad Jaloukh</b>   Jordan
Discussants	<b>Dr. Jan Al-Shishani</b>   Jordan- <b>Dr. Orwa Falah</b> (UK) <b>Dr. Emad Freikha</b>   Tunisia
13:30-13:35	<b>Debate (1): Aorto-Iliac occlusive disease</b> Open reconstruction should be the first line treatment and it has superior outcomes <b>Dr. Tarek AbdelAzim</b>   Egypt
13:35-13:40	Endovascular reconstruction should be the first line treatment and it has superior outcomes <b>Dr. Calors Bechara</b>   USA
<b>13:40-13:45</b>	<b>Discussion and voting</b>
13:45-13:50	Management of infected aortic endograft <b>Dr. Morad Sallam</b>   UK
13:50-13:55	Management of failing non-infected aortic endograft <b>Dr. Wissam Al-Jundi</b>   UK
13:55-14:00	Modern management of type II endoleak <b>Dr. Eanas Yassa</b>   USA
14:00-14:05	Is stable sac after EVAR acceptable, or is it time for a paradigm shift? <b>Dr. Samer Koussayer</b>   UAE
<b>14:05-14:25</b>	<b>Discussion</b>

## Session-10

	<b>Debate (2): Management of mesenteric occlusion</b> Endovascular approach should be the first line treatment <b>Dr. Fady Haddad</b>   Lebanon
14:25-14:30	
14:30-14:35	Open surgical reconstruction should be the first line treatment <b>Dr. Housam Younes</b>   UAE
<b>14:35-14:40</b>	<b>Discussion and voting</b>
14:40-14:45	Decision making algorithm for the management of visceral aneurysms <b>Dr. Rabih Chaer</b>   USA <b>(Recorded)</b>
14:45-14:50	Management algorithm of ruptured abdominal aortic aneurysms <b>Dr. Mohammad Raffat Jaber</b>   USA
14:50-14:55	Updates on the management of iliac aneurysms <b>Dr. Wassim Mansour</b>   Italy
14:55-15:00	Inner-Branch EVAR for treating Thoracoabdominal and Hostile neck Aneurysms, tips and tricks <b>Dr. Tareq Massimi</b>   Jordan
<b>15:00-15:10</b>	<b>Discussion</b>
15:10-15:15	How to manage a Nut Cracker syndrome <b>Dr. Najuib Bouayad</b>   Algeria
15:15-15:20	Transferring experiences of aorto-vascular practices from the west to the Arab region: Challenges and opportunities <b>Dr. Omar Hamdallah</b>   Jordan
<b>15:20-15:30</b>	<b>Discussion</b>

**15:30 - 16:00 COFFEE BREAK**

**4<sup>th</sup> Pan Arab Vascular Surgical Society  
(PAVSS) ANNUAL MEETING  
6<sup>th</sup> Jordan Vascular Society  
(JVS) Meeting**

**4<sup>th</sup> Pan Arab Vascular Surgical Society

5<sup>th</sup> December  
2025**

**Friday  
5<sup>th</sup> December  
2025**

## Session-11

16:00-18:00

**Session Venous interventions and wound care**

## Co-Chairs

**Dr. Jamal Hoballah** | Lebanon - **Dr. Hany Zayed** | UK  
**Dr Mamoun Al-Basheer** | Jordan

**Dr. Mohammad Bafaraj** | KSA- **Dr Deena Al-Qedrah** | UAE  
**Dr. Manar Khashram** | New Zealand)

- 16:00-16:05 Stenting for left renal vein compression  
**Dr. Rabih Chaer** | USA (Recorded)
- 16:05-16:10 Catheter-directed thrombolysis for acute Ilio-femoral DVT: Predictors of outcomes  
**Dr. Emad Hussein** | Egypt
- 16:10-16:15 Diabetic Foot Wound Care: Insights from 2023 IWGDF Guidelines  
**Dr. Abdelaziz Abdelhafez** | Egypt
- 16:15-16:20 Recurrent pelvic congestion syndrome: How do I approach them  
**Dr. Louay Altarazi** | Syria
- 16:20-16:30 AI in vascular surgery and wound care  
**Dr. Munier Nazzal** | USA
- 16:30-16:40 Discussion**
- 16:40-16:45 Failing body or nonhealing wound  
**Dr. Karen Bauer** | USA
- 16:45-16:50 Lymphedema vs. Lipedema: Key Differences and Modern Management  
**Dr. Maryam Ashtawi** | Libya  
**Dr. Firas Taktaka** | Jordan
- 16:50-16:55 Advanced management of nonhealing venous ulcers  
**Dr. Nashwan Attar** | KSA
- 16:55-17:10 Discussion**

## Session-11

- 17:10-17:15 The application of clinical guidelines to Venous ulcers  
**Dr. Karen Bauer** | USA
- 17:15-17:20 Vasculitis \_ related aneurysm ( Kawasaki disease )  
**Dr. Ayser Alawneh** | Palestine
- 17:20-17:25 Standardisation of wound-care protocols in the Arab world: Is this possible ? And How  
**Dr. Bader Al-Swailem** | KSA
- 17:25-17:30 The two most important new technologies which will impact our practice  
**Dr. Emad Hussein** | Egypt
- 17:30-17:35 Uncovering bacterial load in wounds using AI imaging device  
**Dr. Omar Jaloudi** | USA
- 17:35-17:50 Discussion**
- 17:50-18:00 Closure**
